

Nethanyahu Elected in Israel, Plus Some Jewish Septic Tank Advice

The Reptilian Bibi was again elected in Israel. It's funny with jews you have whiny tears about when others have stable governments or have kings and rulers, but Bibi is going to reign as emperor over Israel for a 5th term. Then probably a sixth, a seventh etc.

Bibi has like 20 years in power, but lo and behold, in Israel there is a democracy. The thing is jews, unlike the Goyim Nations where they export social, political, and general everything anti-life and the ultra form of depravity, they do not follow "liberal" policies.

Do not get high on your own supply is the motto of the jews. Karl Marx is one example. The jew who couldn't tie his shoelaces and smelled from 10 feet away, was a genius to create a financial theory based on forgery. Of course, Israel never followed "Talmud Based Socialism" nor did it ever follow "Universal Communism" as they preach. Albania, Russia, North Korea, and others, did though, and we know where this ended up.

As such Israel to not getting high on their own supply, and having useful idiot puppet states, and it makes sense it will only re-elect a candidate that is basically the one who is learned at the craft of goyim deception for a very long time.

Jews are to invent problems for others, not get eaten in them themselves. Oy Vey The Goyim and their Roman emperors they didn't have Muh Elections. People like Bibi are gonna raise like huge walls around Israel and make whole sections of "other races" disappear like the Palestinians, and the same race will give everyone else lectures every-time someone on some other nation is even thinking subconsciously to be overrun by foreigners is really a bad thing for everyone involved.

This is Israel's Wall but America can't even build a fence, for obvious reasons. That's because Israel has to live, and America has to either be forcibly assimilated, or go down. Different destinies are chosen by the chosen for these nations, so different moralities are at work there.

The situation with Bibi is that he is a literal Israeli war-hawk and all the rest is gibberish they tell the Goyim to confuse them. Another line the jews use at the Goyim is that the jews are in some sort of state of perpetual warfare with one another. They in reality are not.

They just have occasional chimpout episodes in regards to how things should be run, how they will commence with genocides, and in general they debate the methods which they are going to follow. Over these jews can kill other jews as the survival of the jewish race is at stake, but it never really reaches that far.

Jews also do this other joke where they complain about "Zionists" and the funnier meme is when all the jews are literally backing up Israel and Zionism. It's sort of like they whine about Jesus Christ but you see all jews worldwide literally pushing it like a turd that has them sweating after eating extra chilly Mexican Kosher food. Publicly denounce, privately indulge.

After all as one of the founding minds of Zionism has said, it's a necessity to keep the persecuted Israel meme going:

Did you know the founder of Zionism **encouraged** anti-Semitism as a way to manipulate us?

"It is essential that the sufferings of Jews... become worse... this will assist in realization of our plans... I have an excellent idea... I shall induce anti-semites to liquidate Jewish wealth... The anti-semites will assist us thereby in that they will strengthen the persecution and oppression of Jews. The anti-semites shall be our best friends"

— **Theodor Herzl**, Founder of Zionism in 1897

Bibi is one of these cases where all jews pretend they are concerned about his humanitarian problems, and how is slyly depopulating all of Palestine. In his recent promises Bibi just told his fellow reptiles that he is basically going to extinct Palestine and keep on the same external policy line he has always done in the West Bank. Jews realize their heritage, lands, and everything else, is a matter of life and death, and also, being perceiving of other cultures trying to take down your own. The usual of his 20 year reign that is.

However Dr Whateverovich in Sweden is going to write a couple thesis from Stockholm University on how Swedish people need a maximum number of foreign people culturally, three thousand genders, and how the most important thing in life is only IKEA furniture, and definitely not superficial things like one going demographically under. He will write scripts for National TV to play on "Go black, never go back" and the related things, put one's National Anthem in a porn movie in during midday Government created TV ads, and so forth.

Then this jew when shit hits the fan will emigrate Israel with Bibi, and take a DNA

test to certify his jewishness because Hitler was a madman for desiring a racially homogeneous state. Then he is going to go down in the West Bank and start slaughtering unarmed Palestinians en masse to further his racial state that is to expand from Palestine to Euphrates.

Remember the thing is there are no races:

(Missing Image)

Because there are no races, jews just take extensive DNA testing to enter Israel, because there are no races. Big lolz again. Just remember Jews aren't a race, they are a religion, lolz. This is why the average Cohen aka Jewish Priest has to have a proven lineage that aims to be "Purely jewish" for a thousand years as their aim. In regards to you goyim, just mix it up to the brim.

The image is a screenshot of a news article from Haaretz. The header shows the Haaretz logo and the text 'Home > Israel News'. The main headline is 'Israeli Rabbinate Accused of Using DNA Testing to Prove Jewishness'. Below the headline, it says 'Judy Maltz | Feb 04, 2019 7:32 PM'. There is a small image showing a person's hands holding a DNA test kit. The main text of the article reads: 'Israeli rabbinical courts are increasingly relying on DNA tests in cases where the Jewishness of individuals seeking to marry is in doubt, recent complaints suggest. In almost all of these cases, the individuals who were asked or advised to undergo genetic testing were immigrants from the former Soviet Union or their offspring.'

It's not like Israel is just doing the same policy for literally thousands of years. No, it's just by a huge coincidence that the Torah is literally instructing all of Israel's policy of creating the Greater Israel. Which will require the death of a few nations in order to happen.

But that's fine the jew has a plan here too, he will depopulate the Middle East by causing civil wars etc., and throwing these 'people' onto his enemies, so they have to deal with their Islam and everything else. They have around 95 million people to take out, but when they ship like 3 million yearly into Europe, it doesn't sound really that impossible, does it?

Everything becomes easier when you ship millions of young able bodied men from the countries you want to take out, and move them on countries you're already at cultural war with. This way both these goyim juke it out, while you win at two fronts.

When jews are questioned or criticized on any of the above, they will of course report nothing in news, they will kill Palestinian reporters, what have you. They will all disappear. The global community that spies on every cellphone and every goalpost existing on this earth, dindu know and dindu nuffin in regards to the human rights crisis on the Middle East. What Middle East? Are you an antisemitic racist?

Jews DO control the media

We Jews are a funny breed. We love to brag about every Jewish actor. Sometimes we even pretend an actor is Jewish just because we like him enough that we think he deserves to be on our team. We brag about Jewish authors, Jewish politicians, Jewish directors. Every time someone mentions any movie or book or piece of art, we inevitably say something like, "Did you know that he was Jewish?" That's just how we roll.

Another thing the election of Bibi has to remind us is that it's important for Goyim to be progressive, change, be totally lost, do drugs, be deviants, and in generally, have no family traditions or any family ethic.

Meanwhile the average family in Israel:

But just remember, dick trolley and porn hub for the rest of your life in Europe and elsewhere. Did you try a BBC yet? AH, you don't know what you're losing at dear lady, viral disease and single motherhood and many other beautiful delicacies are only some of the few wonderful things that await you and have been in store for you. Don't let anyone talk you out of it.

After all you're a free women, and what do free women do? The choices that will lead their race and themselves to the highest level of possible personal unhappiness, and to extinction. This is the pathway to Freedom. Ignorance is Knowledge, Weakness is Strength. Clever Choices are Dumb Choices. Repeat many times or as needed to rid your mind of any notion of self validity and self existing value.

In regards to Good Parenting, and having weapons for your nation and stuff like that, please forget all of that. Kids must be instructed to care about non-existing problems such as Global Warming, video game morals, and be stumped into submission to not even 'troll online' lest anyone's feelings get hurt.

Weapons are for idiots. And since Israel is so poor, sorry and idiotic, they make sure to have all the weapons just to be sure. Your kids will probably be able to fend this away with big talk about how immoral having weapons is and Global Warming arguments.

Apparently, grown American adults do not have the maturity, jews say, to carry firearms. Yet, 3 to 5 year olds in Israel have the consciousness to be given classes on heavy anti-artillery weapons.

As for the white guy having discontent in regards to that, let us remind you of how much of a Phallogocentric you are, and how much you suppress the Free Will of other individuals. It's not like your women from a race perspective belong to your own people, you to them, and them to you. This is all a thing of the Past. It's the Ego and Selfishness speaking to your ear when you make these thoughts. The Good Goy is the selfless goy.

Selfish reactions which boil down to Egocentrism make people love pictures like that:

More selfish reactions make people even do things like that, procuring their oppressor genes:

To cure these above testost-erroneuous beliefs, one must follow a vegan diet, be a cuck, and in general repent that they even think about these things. Remember above what is your morals now in regards to being a woman. Pissing yourself on a sidewalk after binge drinking and drug use is a great thing to do, and very liberating. Don't let people tell even recommend you otherwise.

No- no! This doesn't look absolutely Pathetic below. It is the visions from the world

of Great Visionaries we are living in. Do not let any form of conscience and self-evaluation creep up on you now, and try to set in the un-goyimification direction. Your life should consist of grovelling in drugs, alcohol, and in your own very vomit, aside with hook nosed "Friends" that recommend you this way as a route to happiness.

You must be defiant in your resistance to the above rights. As for any serious rights that matter, such as mass surveillance, this doesn't matter to so long you have a selfie camera. First things first.

As for males, the more Soy you ingest in your body, and the less kids you have, the more fragmented social and family relations, and the greater isolation you experience, the more likely it is to go to heaven. It's just the earth you won't be going to very far, but in regards to heaven, you'll get there quickly and fast.

Statues that have been left behind are only there to show you what to NOT become. They aren't there as an inheritance of the health, power, and consciousness of your ancestors to guide you into proper manhood. No, no. They are there to just decorate and nothing else.

Roman legionnaires? Ancient Greek Warriors? Vikings? Defending lands of White people and stuff like that? Come on, we're in 2019.

What the hell are you talking about you sick goy boy? What you need to be is a soy boy, goy boy. You sicken the whole Rabbinate with these ideas. Two rabbis are now hospitalized that you made these thoughts. Don't you feel any guilt? What you need is more of this:

Do not dare you get girlfriends and shit like that and build a household, these ideas are so unwise. For one you must spend all your life thinking how evil is that, while another monkey passes you by. Always make sure to aim for the ideal of the most ideal - this is what you should aim for. As for the women of the earth, let these go to any passing monkey. There are more important things for you to do such as make pornhub rich from advertising money. This makes you a pious goy.

He does. He's a Good example to follow. Do not follow Evil examples. Follow the Good examples.

Another very important thing to remember at all times is that Goyim must never become let's say fundamentalist and things like that, especially if this has to do with

their Pagan deities and defending their heritage. Just remember where this led the last time this happened, Jews almost disappeared, and we wouldn't have the holy people to deal with their agenda today such as Greater Israel, and running the risk of becoming a global slave cattle farm that is barcoded and microchipped.

So imagine how bad this would have been for the Chosen people, but thankfully, the Goyim doesn't really reminisce a lot about these times. They are busy deciding what knee to put down for Rabbi Yeshua, and how to not hurt emotionally people who put them on the fast route to extinction. After all, one tear flowing on their cheek, is too much of a price to pay to not walk anymore upon this earth. IF you're in doubt of that, as a typical racist, bigot, and xenophobe, you need to increase your veganism, because you apparently still have some instincts about yourself, and that's really bad.

You must not get heated when reminded that you had around 10,000+ years of Pagan ancestry that was literally overrun by Jewish abrahamism that invaded all your cultures. That's really bigoted thinking. Also, your politicians have to be all "secular" and they must never take "Spiritual" things in consideration such as Hitler and these Evil Satanists and weird people like Himmler did, such as restoring your ancient religion. Only Bibi can consult the Rabbinate on how to screw more goyim.

(Missing Image)

The Jew remembers his tradition from 5700 years ago and still has the same agenda to extinct the very same ancient enemies that nowadays do not even cause them any grief, and of course, he elects politicians, states, and whole conspiracies in the unwavering aim to serve his ancient purposes and aims, but preaches to the Goyim in Scandinavia to only take in account their history in Sweden and their tolerant values of the last 10 years, big lolz.

Just stay focused on Rabbi Yehoshua which was later called Jesus Christ if you want to go a little back in history. Just don't go further than that. Keep it safe. That's what matters. The Love of a Rabbi from the Levant that didn't even exist really. But who cares right? The holocaust didn't happen either but you're still paying your hard earned shekels for closely a century. It was as real in Jewish minds as the holohoax is. That's what matters.

Forget any things by your ancestors goyim, what's important is how many thousands of Genders there are, during the time where you go extinct. Mhm, that's it goyim. Keep it up. Also do not forget to have someone total cuckold as your minister of defence, minister of war, and minister of external relations, or better yet, a fat feminist, life hating woman which is more obese than a whale. This type of stuff in general is really helpful to civilization. You can't handle to hurt anyone's feelings can you? If you hurt people's feelings that's another Shoah, and you're liable to killing 6 trillion people if you do that.

This is their defence minister, this is your health minister, fellow Goyim, Amen.

Meanwhile the Jew is going to put his own "Women" to serve his agenda unwavering and even hold guns to defend his nation. Mhm, that's right stupid goyim. Your women be like "Oy vey, we wuz oppressed n shiet, too busy to keep our tribe alive, oy gevalt!". Open Borders cause Muh Feels.

In Israel however, it's just a little different, hehe, goyim. Ready to put bullets in the head of any enemy if so is required. Not that this is some sort of tribal loyalty, no! ***Remember 6 gorillion.***

After all, the Divine Jew, Rabbi Yehoshua, is a beautiful ideal to have. We must go in the deepest and fastest way possible into total depravity, insanity, and the total sinking of any pillar that keeps our goyim nations going. Forget genders and the related, these are stupid things.

This is probably why in Israel, which rules the world for 20 centuries, these things actually do matter, while on failing nations which require zapping from Zeus to come alive from their disability, we are pushed all sorts of mental viruses such as Christianity, Liberalism, Marxism, and whatever else toilet invention the jew ass has secreted - and of course rejected.

Bibi be like running the political life in Israel for like 40 years, but goyim wait - you can't have your own "Political figures", must throw them in the trash can and replace them by dumb individuals like Cortez every 4-5 years. You need more Cortez in your life and more Andrew Yang for Free Gibs and more Bernie Sanders for Yolo Economy and Yolo Economy Commie Deal. It's good when you rip out your economy to shreds just keep Pelosi's promise to keep funding Israel even if your government and whole country collapses. That's all that matters.

When they wreck the nation, another has to take their place to repeat this process and deepen it, preferably, to serve totally alien interests than your own land. This is politics. In regards to what is politics in Israel, Bibi approves:

Mhm goyim, that's right. At least, it's not Das Reich, it's only "That's Right". That would be unforgivable to be Das Reich. This is also because Das Reich could not only prevent all of the above, but now the Palestinians will be exterminated more and more, but at least you aren't doing dumb things like having a Roman steady Imperium anymore. That would be really unforgivable to put jews in their place once again. Totally unacceptable.

Grooming gangs? Literal invasion? Remember to always be totally obedient and open your heart, minds, legal systems, legs, asses, what have you, to things that

are totally foreign to you and will take you down. That is a necessity for the Goyim. In regards to the jew, that is his necessity:

Every attempt of you to like uhm, act your own heritage, is total Nazism. You're creating 6 trillion lampshades in an instant when you denounce Christ, or imagine or reminiscence the great glories of your past. You're being a Nazi. Bibi has to say this in regards to that, after 3500 years of keeping into the same route with his race of maggots:

But we have to remember what Hitler said about a Thousand Year Reich, and how this was a very evil statement. It comes after all from a White person in regards to Whites living in White homelands, and away from destruction, parasitism, and the related "Evolutions" that we have underwent.

As such, it's a big no-no for all of us.

The jew can tell you about Eternal Gehenom (Hellfire for disbelievers in the Talmud), 5700 years of Jewish history, and so forth, Eternal Zion- but that is fine, the future of "Eternal Utopia of the Jew where all Jews will own 2800 Slaves". These are all nice and acceptable statements.

But that's fine, good and moral for all mankind.

Ah, where would we be without jews to let us know of things like that?
