

Introduction to Broscience

It's too contradictory that anyone who approaches a three digit IQ can get it. The new-agers and many other "humanists", "egalitarianists" and "we wuz equalists" of this planet, are pushing this spiritual bro-science all over the place now.

Real Spirituality has nothing to do with weed broscience, and egalitarian communism that is pure materialism and pretends it has anything spiritual about itself.

It's BROSCIENCE, BRO!

They are awakened. They know what's up. It dem Alpha waves. It's dem Crystals in your Brain. It's dem, bones were made out of star matter, bro. It's dem, let's roll a blunt at 4:20, when the kikes read their 42 names of "god", bro. So that we can effectively open up our soul by weed so that we can become better slaves to that agenda, bro.

And we all have a Pineal Gland so we are so important. Yes we wuz having a pineal gland. And we are all equal because everyone has a pineal gland, bro. BECAUSE IT'S A FUCKING PINEAL GLAND BRO! And we have it! SHIT!

Now to get to our main point, did you know that Rabbi Jewsus Christ to whom everyone must be subverted, and of course this jewish maggot has to exist in every normie "SPIRITUAL THEORY", was crucified on a pole, bro? Because no matter what, we must believe in a jew. He wasn't really a kike like these in wall street, he was a spiritual kike. He was transforming hair from the asshole of a rabbi, into gold coins. This is some of the miracles he did in the times in Israel.

Because he was becoming richer than the rabbis in Israel, they came into the town one day and started counting the coins. Because Rabbi Jewsus had one more nickel, they went into a stabbing rage towards him and then crucified him on the pole. Then they stole all his nickels and pennies.

Then, he did the other trick, of making 60 gorillion jews, from a slave alien race, into the ruling race of the planet. Which later resulted in humanity being plunged into the lowest ever known spiritual level in it's history.

Because humanity stood stupid enough to buy the over-sold tale of the gallilenian master of Magick, who was against magic and ordered the execution of all non-jewish spiritualists and magicians in the bible, but on the other hand, because some bro-scientists decided so, now the jewish maggot chameleon from Galilee, was meditating grand master in Tibet, The Middle East Guru, and Ancient-China Kung Fu Master, Even a Japanese Samurai, and of course, above all, The Aryan-Proto

God. He also was a Shaman in Africa as well, teaching meditation. Because broscience says so. Screw evidence, alright? Broscience knows what went down.

This abomination described above, will of course help you in your spiritual path, goyim. Believe it.

Because he was once a rabbi idea to enslave the world, now an ascended master, tomorrow it will be an allegory, and whatever it f it's chameleon ass for that liking, but deep within was a wise imaginative jew from Galilee, that had all the secrets, to uhm, bro-science?

In fact he was the creator of the bro science.

Well if you do know this truth and the other fact about how 6 trillion jews were gassed in a cottage farm, sit with me now and I will explain you the branch of spiritual science known as bro-science-ionics.

The bible is a book of massive wisdom, aside all the writings of rape, pedophilia, mass murder and so forth, which of course GOD himself wrote and definitely not stinky, rotting jews. It writes some very deep shit about how if your eye is filled with light, your whole body will be filled with light. Like the Ancient Pagans didn't write this in every wall, inscription, and symbolism, all over the place.

Of course, they were all waiting for a jew to come and tell them, after uhm... 450,000 years of them existing on the planet. And this is what Bro-Science teaches.

How superior and spiritually lucky we are today to have ascended master rabbi christ, weed, and the ability to stone ourselves and buy overpriced supplements from Alex Jones. Because *this* is how you wake up in life....

And now fellows in Bro-Science, this is the Pineal Gland. Which we were lucky enough to find out about after the Millennium. We actually have this. WOW. I guess the Egyptians with their silly Eye of Ra everywhere in Egypt, didn't know. We wuz 2017 super advance and shit. We have trash cans that go around the planet, and pollute it incessantly. We are a very advanced civilization now.

But as everyone knows, even if we invoke the Ancient Egyptians and many others when we try to make the foundations of bro-science...Somehow, NOW is the time of enlightenment, and not then. These Egyptians and many others who were recorded as of levitating, doing miraculous healing, and many other things, didn't know shit. They weren't worth a dime.

Il that is worth, is rabbi jewsus christ, and his racial gang, and their teachings. For this is the foundation of the new world, and the world that escalates slowly into bro-science levels of spirituality. So that we can ensure that real spirituality will never be found.

These people weren't enlightened even if they knew it all, the Pagans and stuff. This shitty humanity that is crawling out of the jewish toxic excrement after two thousand years, is actually very advanced. It's so blind to the point we can't even realize differences in our own species anymore, but whatever, we are super advanced now.

And lo and behold, after 2012, we are entering the new cycle of advancement. Which is traditionally the Age of Satan but bro-science must hide this from the masses and say some strange things about Master Jeboo instead. Because we was very open minded, but this guy Satan is really scary.

Jehovah who did genocide more than 10 races and people in the old testament, is the good father in heaven. And his son the jewish carpenter, very important. Let me explain how this will go in bro-science-ionics so you can make the most out of your evolution now.

You will sit in the sun. Don't drink fluoride. And you will smoke weed, lots of it, as recommended by Rabbi Moshe Shekelstein. "Drugs are part of the spiritual revolution, goyim", he added in one of his lectures on how the Egyptians were doing frequent feasts on babies every saturday. He certainly wasn't projecting his own racial mindset and tenets, into his enemies, as many antisemitic bigots say. He was just telling facts as usual. Such as the other fact in the bible that says that the earth is actually a flat square, that you can fall off from into the nether-space.

Jews are honest people that's for sure. For example everyone knows that 60 trillions of them were gassed mercilessly into a cottage farm by evil nazis. This was done in the corner of the flat earth, which is Berlin. And Hitler stood on the corner of

the flat earth, and consumed the jewish souls as if he had breakfast. Rabbi Shlomo saw it with his own eyes.

He had a gentile White European shabbos Goyim with him, carrying his Menorah and praising Rabbi Jesus Christ, but since the New Testament which was written by jews aka GOD HIMSELF says that "If your eye causes you to sin, gouge it out", the Gentile has gouged his eyeball out, and therefore couldn't see the fact. He took the word of the jew for it, and he even went as far as claiming that 60 trillion jewish souls perished on that day.

Now to explain some deep bro-science stuff.

Since weed has the same dopamine thing as your brain does. Now, of course, a brick and a coal have the same thing as your bone does. So you might want to hit your head on the brick wall until you awaken your pineal gland, and eat coal to increase your bone density. Because the advanced reasoning of bro-science-ionics is that everything that is the same, we must increase. For example, DMT is produced by the pineal. Cool.

Now we ingest a lot of DMT and hope for a spiritual experience. Which is not about spiritual experience but material manipulation of the material brain. But we are too spiritual aren't we. We in the church of bro-science-ionics, we try to pretend we are very spiritual individuals, and very revolutionary.

For example. We pretend it's the rich people that put fluoride into the water, wrote the bible for control, and generally have destroyed civilization for a few thousand years. It's a coincidence that for all these thousands of years, the whole of the civilized world was ruled by a SPECIFIC TRIBE known as the Jews. But as you know, we are Communist, and we cannot see this matter that they are an alien race. We must plaster this with other bullshit instead, such as 'the rich people', 'the ruling elite' and the 'satanic illuminati'.

Revolutionary as we are, we never opened a fucking Sanskrit dictionary, because these people in Sanskrit were banana eating apes anyway. If we opened that book, we would see that Satyan means Eternal Truth, and therefore the boogie man of this planet where all the shit the jews do, does fall upon, will be rendered void.

And we will no longer have our ability to create useless bro-science revolutions to push drugs and useless self-destructive, judaism in a buddhist shell. This would disappoint the jews who are behind this.

Anyway, if anyone is interested in my Kabbalah Alphabet for 2012 he may contact Kyle Kuk, and he will help with this. He was into Bro-Science once upon a time, and he knows the wares.

"Also never forget, the JoS and any deeper research is bigoted, evil, antisemitic etc. Divulge yourself in Bro-Science, and smoke so much weed your brain shatters from it. Then, trust me on that one, you will not be interested in anything bigoted

anymore. "Everything will be one", and you will be a brainless tool of this "one", which you never even knew about. -Shalom Shalomovich, Founder of Bro-Science"

AND NEVER FORGET: IT'S EVERYONE'S FAULT BUT THE JEW'S!
