

# Materialism and Physicality, Riches

Greetings to all our Comrades and Satanic People.

There is a nefarious trend going on around many so called "Spiritual" communities. Their leaders, as instructed by the jews and as influenced by their inability to achieve things honestly instead of being liars, say things like "Materialism is against Spirituality" or other things like the so called 'Carnal Flesh' and what bad it is all and all.

Of course, you see the same guys rolling around with a Rolls Royce after proclaiming this, all obtained from the money of those who do "charity" for some random black kids in Africa, or elsewhere. Were your dollars going to Africa, how did this spiritual 'muhstard' get a Rolly, by doing absolutely nothing in this world but spewing out jewish garbage 24/7 and cursing people from a curse book of ancient jews? And a rolex to count the time.

Oh it must be because he wants to keep the Rolly from the "spiritual to-be" followers, so they won't get deceived by the riches of the otherwise "Dark Side". No don't mention it again he didn't steal your billions of charity dollars and make these into a nefarious, child molesting, rapist, drug dealing, institution named the Vatican, or so he can go somewhere in Asia and rape children in anyway he sees fit.

Neither he is just a parasite that does nothing but vibrate curses from the jewish bible onto the Gentiles who are spiritually enslaved (Goyim in Hebrew) all day long. So the jews can have it easy, and in exchange for that, the aliens and the jews

"bless them" with being "master slaves" of this physical realm, onto the major populace of the "total slaves". So of course he uses your hard earned bucks to live not only slavishly rich, he uses them to erm... Build the Kingdom of the Jewish God. Of course, this is part of your 'culture' and the manifestation of the spirituality of the "Christians" (code word for Gentiles who are deceived by jewish spiritual lies and morality).

For those who know spirituality, not only these are jewish pawns and literal psychic vampires and murderers of their own people and states, but they are also evil and parasitism personified. They are called christian clergymen, pastors, poops, imams, dalai loomers, what have you. Of course, they may be jew blooded too, or they may be Shabbos Goyim from any Gentile Race. But who cares.

Instead of helping Humanity advance, these people do nothing at all, but spew communism, create dependency, steal, parasitize, and generally execute whatever the nefarious enemy ilk dictates to them. Humanity is NOWHERE spiritually because of that evil garbage.

Now where I am trying to get with this is fairly simple...

The jews once they encountered the writings of the Ancient Philosophers, they found power and knowledge in them, which they burned later such as in the case of the library of Alexandria, burned completely by the jew "Philo". Still there is much information and many nice practitioners that say the Truth on matters, or at least TRY, and they are objective in their undertaking instead of keeping tabs for the jews.

Unfortunately from these bright - and Godlike people, the jews always work to desecrate and make their work go extinct, or manipulate it, in paranoid fear that humanity may emerge out from spiritual bondage. This is a large conspiracy and all

of you here know it, as your eyes have been opened. Well, their fears were right, because look at what we are doing here now. Eventually it HAPPENED.

So the jews saw this info and applied it on their own 'level'. Instead of a means to transcendence and divine conversation, they turned it into confusing, deceiving excrement in order to enslave their foreign prey. Thankfully, nothing was enough understood to maintain them in power forever. Enough however to cause major distress and literally overthrow the planet into their morbid rulership. To show high spirituality to a jew, because of being defunct in ways I have already explained later, will always be translated in his own insanity, lack of compassion, parasitic nature, and murderous inclination. No matter what you show them, their nature is that of a perversive parasitic, life hating, materialistic ghoul.

Slowly as the downfall of humanity began, and with systematic removal of spiritual knowledge, the weak "leaders" of the times, many of which were jewish, were morbidly afraid that their empire of lies and excrement would be thrown away by the spiritual Sons of the Gods, whom they later were called "Demons". That is, those who are of "Satan" (Eternal Truth) in Sanskrit.

So they decided to, after brutally murdering everyone, forcibly remove spiritual knowledge, and deceive anyone they could, to make up these retarded "love kindness bla bla bla stay away from power" theories, to just turn those who potentially could become strong spiritually, into "heaven seeking" garbage that is of absolute no use or danger to their agenda. The rat-face Ghandi is one major instance in this. He was more of a jew slave, than the biggest jewish slaves. And he wasn't even a "Christian".

So where I am getting with this is that the ideas of physicality, riches, physical power, and anything else being "Unholy" or "Unwelcome" or a "Burden", is just slave morality for the Goyim. Created by the terrified and paranoid jews and nobody else. This of course quickly escalates into many other areas. People are unwilling to own land or anything like this, unwilling to get involved in civilization, unwilling to accumulate wealth or build a decent family, unwilling to take part into politics, or anything else that has to do with the improving of civilization and generally nature.

Humanity has genitals for a reason. These are divine, and is not something to take lightly. The greys who are a spiteful alien race have had their genitals (Creative power) removed, same as their free will to use it as they saw fit, or to improve themselves in anyway. The greys are a slave race, who are beyond hope of saving themselves. And yes, these horrible things can happen. In this eternal universe obviously like advanced lifeforms, there are advanced parasites. There is unlimited space of advancement.

This has slowly bled extremely deeply into where most people hardly own anything, work for nothing, and even nowadays PAY in order to work. Chaos at its finest. This has also manifested in many other morbid ways. Due to jewish instruction the Gentiles have created a chaotic world, that moves straight to ape-hood with the pretext of the "brightest (((Promises)))".

One of the most morbid materializations of this thing is the false hindu/buddhist conception that somehow, if you are extremely advanced, you have to physically "depart" or again dissipate into the void [-(Liberation)-] and technically die again and return to the void from which one came. Or just needlessly reincarnate to again and again REPEAT eternally.

This is spiritual CRIMINALITY and nothing less. Existing in many versions, it always leads to death. An even more bastardized and underhanded move they pulled on the "Goyim" is that death somehow makes you a Demon, or that you will go to heaven and sing hallelujah's eternally to (((HIS))) vanity, or that somehow death is going to improve your current situation, or even in some mystery schools that one "Needs to Die in Order to Complete the Magnum Opus". Death is a metaphorical, astral concept. Not a literal one.

So the jews literally troll humanity as to where one is about to do the Magnum Opus, they DIE, the jews lol' and they call it yet another day in the jewtrix. Off goes the person to reincarnate, again to repeat... repeat... and repeat again... Until the point the circumstances do not allow them, and they can no longer do anything. Such as finding themselves in a global, communist state, the wet dream of the JWO. Here they will go from almost - Magnum Opus, to "work for Stalin all day long".

The name of the old testament is TORAH. ROTAR. This means WHEEL. And means the wheel of incarnations. The enemy is this catalytic element that makes people get stuck in incarnations and never massively want to go higher. While the age of Pisces could have been an age of transcendence, it was nothing but an age of decay, illusions and spiritual sedation. Never has humanity sunk lower spiritually, thanks to the universal parasite.

Now before going to the next point, it has to be remembered that Satan did NOT finish his work of perfection on Humanity, because the enemy aliens interfered and attacked the planet around the time Humanity was reaching perfection. As thus, much of humanity is still "Ape" and tends towards lack of consciousness, and towards the lowest forms of the cosmos.

"Ape" is not evil, but its NOT better and NOT higher than what humans can become when they are fully being humans. The enemy makes sure the need to go

"upwards" and towards perfection is not only unknown, but misdirected, abolished, forgotten etc. And the world is again created in the level it was before, that of the Goy (unaware animals in hebrew). This is the level where the inferior jews and general ape-ilk benefit from having humans in. This is NOT Satan's intention.

The jews have accused humanity of being "Evil and worthless" (sinners) because THEY have made them become this. They literally accuse you for assaulting you. Humanity didn't really do anything against the jews, and that's why we are here now. The natural issue of the evolutionary gap, they created into a moral, stupid issue, that supposedly is caused because God or because the Universe (a jew) does hate humanity or some crap. So you must kiss jewish ass eternally to fix this. Again, jewish psychopathy projected onto Gentiles to confuse and destroy them.

As thus the jews somehow created the fable that the "World is evil" or that "Physicality is Evil". And that somehow it must be evaded and something in the "afterlife" to be aspired instead. This is the jewish slave mentality, that the jews always harbored, being intensively imbalanced and incomplete, disgusting creations themselves.

*"hehehehehehe - yesh yesh money is evil..."*

"Immortality" is a physical, hard matter, concept. And possible in the PHYSICAL realm. The Physical Body does NOT act as a "hinderance" or anything like this, and with modern science (if the jews allow it to develop, instead of growing "Shchlongs" and doing nose-jobs to the Tribe) anything can be corrected and brought into harmony.

The physical body does not in anyway, "keep" one from advancing. Infact it is extremely underrated and extremely working under due to not having the necessary spiritual force to operate. The physical life must be balanced with the spiritual life, and in the final stages of human development, "Connected" with it. The astral must meet the physical. One lives in one exclusively or the other, and one is completely worthless in both. Satanism is NOT a religion of escapism, or any other of this insane garbage.

The physical universe is not imperfect, and works in a harmony (as it exists naturally) that is inconceivable. As thus the high reverence for nature in Satanism. Satanism has always been associated with "Volkischness". For those of you that live in the hard, giant, grey cities, it would be good at some point to go in nature and meditate there for a while, really tapping into the eternal power of nature. The jewish cities and reptoid garbage are a small, miniature reality created by some perverted entities who are sick and have fallen to the lowest aspects in nature. Akin to excrement. Its not universal reality or rule.

In fact, Satanism throughout the ages never was a "materialist" nor an "unspiritual faith". This is what the jews dictated in their attempts to destroy Satanism. It was always in balance. The world of "matter", MATTERS. Its a divine adobe same as anyone else, albeit lower, and must be realized as a lower adobe, but NOT imperfect, or evil, or disgusting in anyway. Unfortunately it has become highly tainted by the jewish hand into becoming a nightmare from which many people want to withdraw from. However, Satan will change the world, through the people he has with him, and he can make everyone of you improve your living position physically and spiritually

Also, you ALREADY exist in the 4th dimension. You go there everytime you sleep, even though you cannot recollect the experience. Half of the life is unconscious because spiritual knowledge is lacking. Even sleep can generate wonderful things for those who are spiritually aware and know how to make use of sleep. Most people don't even "Sleep" from the anxiety this world causes to them.

There is no need to "die" in order to get on the astral, or to advance spiritually further than a point, or do drugs, or anything like this. You need to meditate and increase your consciousness of everything. Riches are material, spiritual, and intellectual, and in many other ways. Strive to be a complete person and fill the gaps where they need filling.

One must become "Satan". Satan is "God of this World". How is Satan God of this World according to the enemy? By being God of the higher worlds. The enemy whines in the bible that Satan is the most powerful being in existence, only under the primordial ether, the most direct incarnation of the Atman- the Divine Leader. The meaning of the 666 that the jews speak against when it comes to the Goy, but try to achieve, is spiritual and material mastery, aside with immortality. Mastery in all planes of one's existence. This is the Capstone of the Pyramid.

Satanism is harmony and a perfect balance. Neither one must be a ruthless artificial intelligence like - materialist, neither one must pretend to be a universal drugged out toothfairy. Balance and tendency towards one's natural inclination is what opens up the doorway towards the divine. When both sides get balanced and brought under control, the doorway to the Godhead opens.
